The District will have no claim of ownership to intellectual property produced by a faculty member under a grant awarded exclusively to that faculty member without fiscal participation by the District. The District will have no claim of ownership to intellectual property produced by a faculty member during a sabbatical unless that intellectual property has been developed as a work or invention for hire.

No intellectual property will be a work or invention for hire unless the

District has entered into a written agreement with the faculty member(s).

In the absence of such an agreement, the intellectual property will be the

property of the faculty member(s) who create(s) it. No faculty member

will be involuntarily assigned to create a work or invention for hire.

District Ownership

(3)

b.

- (1) In the absence of a specific separate agreement between the faculty member(s) and the District as described in 13.3.c.(3) below, the District will have sole rights to and ownership of any intellectual property created as a work or invention for hire.
- (2) The District will own the copyright to any work, such as a course outline of record, District or college administrative policy, or District or college information brochure formally reviewed by the District or the colleges for the purpose of inclusion in its curriculum, administrative or promotional material, or Board of Trustees, District or college policy.

(3) The college will have the right of "non-exclusive license" to course content during the semester the course is taught and for a period not to exceed one year after course completion for the sole purpose of allowing students to complete a course for which the content was created and when the faculty member is no longer available to complete the course.

c. District and a Faculty Member Ownership

- (1) In the absence of a specific separate agreement between a faculty member and the District as described in Section 13.3.c.(3) below, in the event that the District has provided extraordinary support for the development of intellectual property (including for intellectual property created under a grant), and the publication, distribution, performance, sale or other use of that intellectual property as authorized by the faculty member and/or the District results in income, the faculty member(s) will retain the right to exclusive ownership of the intellectual property, but the District will have the right to recover reimbursement for costs not to exceed the amount of the extraordinary support provided for that project.
- (2) One or more faculty members may enter into a separate agreement with the District for the creation of intellectual property, including intellectual property developed under a grant, requiring the use of extraordinary support from the District. Such agreements will be in writing, and will determine the respective ownership interest of the faculty member(s) and the District in that intellectual property.
- (3) If the creation of intellectual property requires rights (e.g., re-publication rights) to be acquired from third parties, such rights shall be acquired and paid for by the party who is to hold the ownership rights for that intellectual property. In a circumstance in which ownership rights for intellectual property are shared between the District and a faculty member or members, the cost of acquired rights will be shared proportionally to the amount of shared ownership.

d. Faculty-District Affiliation

situations, with the agreement of the faculty member, a faculty member may teach more than three (3) separate preparations. A faculty member may be required, with the agreement of the Association, to teach more than three (3), but no more than five (5), separate preparations in a given semester when a faculty member cannot otherwise make load.

- (3) Lecture, laboratory, practicum and Learning Center/tutorial instruction will be calculated on a contact hour (50 minute).
- (4) Lecture, laboratory, practicum and tutorial loads will be 30-32 LHE per academic year, calculated according to the following ratios:

Cont	act Hours	LHE for load
Lecture	1	1
Laboratory	1	1
Practicum	1.2 (5/6)	1
Learning Center/Tutorial	2	1

Example: Digital Photography 5/6 (units lecture/lab per week)

```
3 Hours Lecture = 3 LHE
6 Hours Practicum = 5 LHE
8 LHE for load

- (5) Lecture Provisions:
 - (a) The dean/academic administrator will determine and approve section cancellations.
 - (b) The minimum section enrollment will be eighteen (18) for classes capped at twenty-five (25) or below, or twenty-two (22) for a class capped above twenty-five (25).
 - (c) The dean/academic administrator may authorize a section with less than the minimum enrollment for conditions such as academic and/or pedagogic rationale, safety, limited number of workstations, mandated program limits, academic sequential programs, program completion, and intercollegiate athletics.
 - (d) Large Lecture Assignments: Large lecture sections are those with an enrollment of more than forty-five (45) students. The following conditions apply:
 - i. Large lecture sections must be pre-approved and scheduled by the dean/academic administrator.

- ii. The course must be listed in the general catalog of the college and offer units.
- iii. Consent of the faculty member(s) is required.
- iv. Large lecture compensation will be calculated on Census Day using the following formula: For sections with an enrollment of forty-six (46) to sixty (60) and for every increment of fifteen (15) thereafter (for example, 61-75), one (1) additional LHE according to the appropriate salary schedule (see Appendix A) shall be assigned to the faculty member's workload according to the ratios defined in Section 15.3.f. of this Article).
- v. Large lecture compensation will not apply to the ten (10) LHE overload limit.
- (e) Team Teaching Section: The total LHE assigned to the team that teaches the section normally shall not exceed the total LHE assigned to the course. The following conditions apply:
 - i. Mutual consent of the affected faculty members and the dean/academic administrator is required.
 - ii. All faculty members are responsible for participating in the preparation, teaching, and grading for the class in proportion to the amount of LHE each receives.
 - iii. A team-taught section will normally have a maximum enrollment of forty-five (45) students. This maximum enrollment will not be exceeded without the permission of the faculty members.
 - iv. In the event that a team-taught section is identified as a large lecture section (refer to Section 15.2.b.(5).(d) of this article), the total large lecture compensation will be distributed as the LHE is distributed among the team that teaches the section.
- (f) Directed (independent) Study: Directed (independent) study sections may be offered when authorized by state law and Board policy, and subject to the approval of the applicable dean/academic administrator.  - i. Part-time faculty who become eligible for priority rehire, as described below, will be added to the priority rehire eligibility list at the beginning of each spring semester for assignments in the subsequent fall and spring semester.
 - ii. Retired full-time faculty members returning to teaching/faculty service shall establish priority rehire eligibility based on the date that they were rehired as part-time faculty, providing they return to teaching/faculty service within three semesters after retirement.

- a) For purposes of priority rehire eligibility, if a faculty member does not receive a timely evaluation as specified in Section 17.3 of this Agreement, the evaluation that should have been completed will be considered as a "Meets Standards" evaluation if the offer of an assignment is made for the following semester. However, this provision does not preclude the District from subsequently evaluating the part-time faculty member in accordance with Article 17.
- b) An out-of-sequence evaluation may be conducted if approved by the Vice Chancellor of Human Resources in consultation with the Association. An out-of-sequence evaluation refers to an evaluation in addition to a regularly scheduled evaluation as described in Article 17.
 - 1) An evaluation conducted in place of a missed evaluation will not be considered an "out-of-sequence" evaluation.
 - 2) An out-of-sequence evaluation of a faculty member will not be considered a substitute for the evaluation as conducted according to the timeline specified in Article 17.
 - 3) An out-of-sequence evaluation may not be used to establish priority rehire eligibility.
- (d) To establish priority rehire eligibility, a retired full-time faculty member must:
 - i. have been re-hired as a part-time faculty member;
 - ii. have received an overall rating of "Meets Standards" or better in the most recent evaluation before retirement from full-time status;
 - iii. have received an overall rating of "Meets Standards" or better in the next scheduled evaluation conducted under Article 17 after the faculty member's re-hiring in part-time status.

If a retired full-time faculty member who has resumed teaching under part-time status does not receive a timely evaluation as specified in Section 17.3 of this Agreement,

the evaluation that should have been completed will be considered as a "Meets Standards" evaluation if the offer of an assignment is made for the following semester.

This provision does not preclude the District from subsequently evaluating a faculty member in accordance with Article 17.

- iv. have a medical certificate on file with Human Resources. (Educ. Code §87408.5)
- (e) To maintain priority rehire eligibility, a part-time or retired full-time faculty member teaching part-time must meet the following conditions:
 - i. Maintain an overall rating of "Meets Standards" or better on evaluations conducted pursuant to Article 17 of this Agreement. If a faculty member does not receive a timely evaluation as specified in Section 17.3 of this Agreement, the evaluation that should have been completed will be considered as a "Meets Standards" evaluation if the offer of an assignment is made for the following semester.

This provision does not preclude the District from subsequently evaluating a faculty member in accordance with Article 17.

- a) In the event that a part-time faculty member with priority rehire eligibility receives an overall rating of "Partially Meets Standards" in an evaluation or while a part-time faculty member is under formal or informal investigation, the District has the following options:
 - the part-time faculty member can be offered one section the following semester regardless of PRE status; or
 - 2) the District can decide to suspend the employee's PRE status for one semester while an investigation is conducted; and
 - (i) the part-time faculty member will be given a performance improvement plan, including follow-up activities, dates of completion, and measurable outcomes to

- address those performance issues requiring correction;
- (ii) the part-time faculty member will be evaluated by the dean/academic administrator during the next semester in which an assignment is offered, accepted, and fulfilled. If this evaluation yields an overall rating of "Partially Meets Standards" or "Unsatisfactory," priority rehire eligibility is revoked.
- b) In the event that a part-time faculty member with priority rehire eligibility receives an overall rating of "Unsatisfactory" in an evaluation, eligible status shall be revoked.
- ii. Maintain regular employment. If a faculty member with priority rehire eligibility fails either to request an assignment as specified in Section 15.4.a.(2).(g) below, or to accept an assignment as specified in Section 15.4.c. below, for two (2) consecutive semesters, not including summer, except in cases of an approve leave of absence, priority rehire eligibility is revoked.
- iii. In the event that a part-time faculty member has lost (as described above) and then regains priority rehire eligibility, seniority will depend on the most recent date on which eligibility was reestablished.
- iv. If a part-time faculty member is under investigation and ultimately exonerated of the charges, the reduced semester will not be used in the average calculation of PRE status when such a request is formally made to the Vice Chancellor of Human Resources by the Association.
- (f) Subject to the availability of requested courses or assignment as specified below, part-time faculty members who have established priority rehire eligibility according to this article are entitled to a minimum assignment as follows:
 - i. Part-time faculty members who have established priority rehire eligibility according to this article and who have completed an average of at least six (6) LHE, or six (6) weekly counseling/tutorial/library hours, during the previous four (4) semesters shall be entitled to a minimum

- (5) Compensation for WE instruction is .18 LHE as listed in the appropriate academic salary schedule (Appendix A) per student per term.

 Compensation will be made upon submission of all appropriate documentation, assignment obligations, grades and required documentation to the dean/academic administrator. Documentation must be submitted by the grading deadline.
- b. The following conditions apply to full-time faculty members only:
 - (1) WE may only be taught as an overload assignment; it may not be considered as part of a full-time faculty member's regular workload.
 - (2) Summer assignments will be limited to one (1) WE class, consisting of one or more sections. Compensation for WE instruction is .18 LHE as listed in the appropriate academic salary schedule (Appendix A) per student per term.
- 15.6. Instructional Assignments Outside of the Traditional Fall and Spring Semesters

Faculty members may accept assignments during instructional terms offered outside of the traditional spring and fall semesters, for instance, during the summer or during a winter intersession between traditional fall and spring semesters. For the purposes of this article, an instructional term is defined as a specific period during which a specific class meets, follows an approved Course Outline of Record (COR), and a final grade is assigned. Multiple instructional terms of differing lengths may be offered during a specific period outside of the traditional spring and fall semesters; for instance, there may be more than one instructional term offered during the summer. The following conditions apply:

- a. The dean/academic administrator will consider for assignment full-time faculty members who meet minimum qualifications within their respective organizational unit, followed by part-time faculty members who have achieved eligibility for rehire priority as defined in Section 15.4.(a).(2) et seq. followed by all other faculty.
- b. Assignments for instructional sessions outside of the traditional fall and spring semesters are not considered overload assignments.

- Faculty members may teach up to eighty percent (80%) of a full-time instructional c. load per instructional term. However, if multiple terms overlap, the total instructional load an instructor holds during the combined overlapping terms may not equal more than eighty percent (80%) of a fulltime instructional load. Requests to teach more than eighty percent (80%) of a full-time instructional load may be approved by the faculty member's dean/academic administrator on a case-by-case basis. Credit for large lecture as described in Section 15.2.b.(5).(d) of this article will not count within the eighty percent (80%) limitation.
 - d. Assignments will be calculated by the following ratios and compensated in accordance with the appropriate Academic Salary Schedule (Appendix A):

- (2) Compensation for department chairs will be based on the highest rate from the Full-time Classroom Overload Academic Salary Schedule. (Appendix A).

(3) Regular Term Department Chair Compensation

Beginning in spring of 2025, department chair compensation will be calculated according to the table below. The total amount of compensation will be derived by combining the amount of LHE earned in each of the four listed categories, as determined by the department's placement in each category on the table. Additional duties beyond those described by these categories will be compensated as described in Section 5 below:

	ptWFCH	Sections	Courses	FTES	LHE
Tier 5	360+	160+	92+	440+	2.6
Tier 4	270-359	120-159	69-91	330-439	2.1
Tier 3	180-269	80-119	46-68	220-329	1.6
Tier 2	90-179	40-79	23-45	110-219	1.1
Tier 1	1-89	1-39	1-22	1-109	0.6

In which "ptWFCH" represents the department's part-time weekly faculty contact hours, both classroom and non-classroom, describing duties related to hiring, mentoring and evaluation of part-time faculty, as taken from the end of term (EOT) from the preceding fall semester;

"Sections" represents the number of scheduled sections offered by the department, describing duties such as scheduling and staffing the department's course schedule, as taken from the end of term (EOT) from the preceding fall semester (Note: Only the A ticket is counted and cancelled sections are included in the count);

"Courses" represents the number of active courses for the department, as listed in the most recent CCC Curriculum Inventory, describing duties related to conducting or coordinating a number of operations related to a department's courses, including program and curriculum development and review, SLO development and evaluation, and administrative duties such as participation in meetings;

"FTES" represents the number of full-time equivalent students served by the department, describing the duties related to handling student concerns,

including grade grievances against part-time faculty members, as taken from the end of term (EOT) from the preceding fall semester; "LHE" represents the amount of compensation as determined by the Full-Time Classroom Overload Academic Salary Schedule (Appendix A).

Example: For a department which had 321 part-time WFCH, 27 sections, 250 FTES during the previous fall term, 35 active courses, the following calculation would apply:

	PT-WFCH	Sections	Courses	FTES

(4) Summer Department Chair Compensation

Department Chairs assigned to perform chair duties throughout the summer will be paid according to the following table, using ptWFCH and Sections as defined in Section 15.9.c.(3) above. The total amount of compensation will be derived by combining the amount of LHE earned in both categories, as determined by the department's placement in each category on the table. If a Chair is assigned by the dean/academic administrator to perform chair duties for less than the entire summer, the Chair will be paid in accordance with Section 15.9.c.(5) below:

(5) Supplemental Duty Compensation

During the regular term or summer, department chairs or other faculty members may be assigned additional extra-instructional duties beyond those described in Section 15.9.c.(3) above, and specific to certain departments and programs, including but not limited to career education programs (CE).

Additional compensation for these duties will be calculated at a rate equivalent to one (1) LHE per thirty-three (33) additional hours assigned.

Certain specific faculty positions are designated as "Coordinator" positions (for example, EOPS coordinator). Those specific positions may receive up to one hundred percent (100%) reassignment as required by the coordinated program, as determined by the appropriate Vice President.

b. Tenure Review Committee (TRC) and Peer Evaluators

A Tenure Review Committee (TRC) will follow the candidate(s) through the entire probationary period. Members of this committee have an obligation to commit to the time frame, uphold the confidentiality of the tenure review process, uphold the principles of equal employment opportunities, promote and respect diversity and equity, review appropriate documents, and conduct fair and unbiased evaluation for the purpose of reaching a tenure decision.

Committees for different probationary faculty members may have the same membership but will function separately. However, general team orientation meetings about the tenure review process may be conducted with multiple TRCs at the division, college, or District level.

Appointment to a TRC will count toward fulfillment of a faculty member's college service obligation, and may be eligible for professional development hours as appropriate.

The TRC will be comprised of the following four persons:

- (1) The dean/academic administrator, who is a participating member, is responsible for overseeing the evaluation process, collecting all evaluation materials, and submitting the annual Faculty Performance Evaluation report as prepared by the TRC, including a recommendation regarding the continued employment of the probationary faculty member.
- (2) Two (2) tenured faculty members/peer evaluators from the department and/or division/school, or related department and/or division/school, who will serve as participating members. The appointment of these faculty members will follow consultation and consensus between the dean/academic administrator and the department chair(s).

- In addition, the probationary faculty member will be responsible for (3) selecting a full-time faculty member to serve as a mentor, who will be an advisory member of the TRC. The purpose of the mentor is to serve as an advisor to support and assist the probationary faculty member. The mentor will attend all TRC meetings where the probationary faculty member is present, but will not contribute to the writing or creation of the evaluation report. The mentor may also attend TRC meetings where the probationary faculty member is not present but is not required to do so. The mentor is not required to do an observation, but may at the request of the probationary faculty member. The mentor should be a faculty member who is familiar with the tenure review process and evaluation procedures as contained in the Academic Employee Collective Bargaining Agreement and with department and division/school policies and procedures. Probationary faculty members may replace their faculty mentor at their discretion.
- (4) The appointed members of the TRC shall remain the same throughout the entire tenure review process except in extenuating circumstances. If a participating faculty member of the TRC becomes unavailable or unable to continue, or if a conflict of interest is identified as agreed to by the Association and the District, the dean/academic administrator shall appoint a replacement faculty member in consultation and consensus with the department chair(s) or the Academic Senate if the conflict is with the department chair or there is no department chair.
- c. Probationary Faculty Evaluation Components
 - (1) Self-Evaluation
 - (a) It is essential that each probationary faculty member take full responsibility for the appropriate portions of their tenure review process.
 - (b) The probationary faculty member will submit to the TRC a portfolio including a report of college, District or committee service; accomplishments (such as publications, exhibitions or performances); awards and achievements; appropriate class materials such as sample syllabi and assignments; goals and objectives for the next evaluation cycle; mentoring opportunities; and other pertinent documents, as determined by the probationary faculty member.
 - (c) The college shall provide course success data disaggregated by race/ethnicity to the faculty member, and if any of the groups represented in this data shows consistently lower success rates, the faculty member will provide a brief self-assessment of how they

- will adjust the teaching and learning process for these groups. Included in this assessment will be any plan of action for course completion percentages that fell below forty percent (40%).
- (d) The self-evaluation shall also include a description of the faculty member's teaching, learning, and professional practices that specifically support diversity, equity, inclusion, and accessibility in the educational environment to improve equitable outcomes and course completion for all students, and, if applicable, a list of any DEIA-related professional development activities completed by the faculty member.

(2) Instructional Activity Observations

The TRC will conduct scheduled classroom/worksite/electronic visitation(s) as needed and submit written comments to the dean/academic administrator. Probationary faculty who are assigned teaching hours in addition to their roles as counselors, librarians, and learning disability specialists shall be evaluated in both their teaching and student service roles.

- (a) The probationary faculty member and the TRC members will mutually agree on the course(s) or equivalent in which the scheduled observation(s) will take place, so that the faculty member may be observed under optimum conditions for displaying their abilities.
- (b) Each evaluation shall include at least one (1) observation, lasting at least fifty (50) minutes. For online classes, the probationary faculty member will present the course to the member(s) of the TRC during an observation lasting at least fifty (50) minutes.

(3) Student Surveys

- (a) The District and Association will mutually agree upon the method and system used for the collection of student surveys in order to ensure the highest possible participation rate. If changes to the collection system become necessary, the District and Association will meet and mutually agree on a new system. If both parties are unable to reach mutual agreement, the Chancellor shall make the final determination.
- (b) Student surveys will be conducted in all classes taught by the faculty member during the fall and spring semesters. The objective will be to determine the student response to areas such as the

- (c) For those faculty members who engage in instruction outside of the classroom, including librarians, counselors, and learning disability specialists, student surveys will be collected within five (5) days of student contact sessions (i.e., student appointments or reference desk visits) during a designated four-week period each fall and spring semester.
- (d) Throughout the probationary period, student surveys shall be available to the TRC and may be used in the faculty performance evaluation. Results of the student surveys will be discussed with the probationary faculty member; however, the student surveys themselves will not be available to the faculty member until after the due date for grades.
- (e) Student surveys alone may never be used as the sole justification for an overall evaluation rating.

(4) Report Preparation

- (a) The TRC will complete a Faculty Performance Evaluation Report (Appendix B), including a recommendation of continued employment, based upon:
 - i. the materials from the probationary faculty portfolio;
 - ii. results of observations and student surveys;
 - iii. items relevant to the instructional duties assigned to the probationary faculty member, including adherence to Board Policy, Administrative Regulations, and college processes and deadlines;
 - iv. a review of activities which are outside of the instructional duties, including those defined within Board Policy, Administrative Regulations, and the appropriate job posting;
 - v. information regarding participation in curriculum development and review, and in development and assessment of student learning outcomes. Any information included in the probationary faculty member's evaluation regarding participation in curriculum or student learning outcome processes must be verified and documented.

- (b) Faculty members shall not be held accountable for any aspect of the educational program over which they have no authority.
- (c) Evaluations are to be based on the materials described in this article. Hearsay statements, rumors or information from anonymous sources, other than student evaluations, shall be excluded from written evaluations. The TRC may include in the written evaluation information which has been documented through a completed investigation subsequent to a complaint, the findings of which investigation have been delivered to the faculty member under evaluation prior to the inclusion of this information in the evaluation report.

(5) Follow-up Procedures

- (a) If the faculty member's performance receives an overall rating below "Meets Standards," the TRC will develop a performance improvement plan, including follow-up activities, dates of completion, and measurable outcomes to address those performance issues requiring correction. A performance improvement plan may be developed by the TRC for a rating below "Meets Standards" in any individual category. A performance improvement plan shall not be required for probationary faculty members who have been notified that they will not be recommended for further employment with the District.
- (b) The TRC, including the mentor, will meet with the probationary faculty member to discuss the summary report.
- (c) On behalf of the TRC, the dean/academic administrator will forward recommendation(s), with appropriate supporting documentation, to the appropriate vice president and president.
- (d) An additional evaluation may be scheduled during the spring semester if desired by the TRC.

(6) Administration Review

(2) Instructional Activity Observation

The appropriate dean/academic administrator, or designee will make scheduled classroom/worksite/electronic visits as described below:

- (a) The faculty member and dean/academic administrator or designee will mutually agree on the course(s) or equivalent in which the scheduled observation(s) will take place, so that the faculty member may be observed under optimum conditions displaying their abilities.
- (b) Each evaluation shall include at least one (1) observation, lasting at least fifty (50) minutes. For online classes, the faculty member will present the course to the evaluator during an observation lasting at least fifty (50) minutes.

(3) Peer Observation

- (a) Only one peer observation is required for each faculty member being evaluated.
- (b) The faculty member being evaluated will submit a list of up to three (3) names of tenured faculty members to serve as potential peer observers. The dean/academic administrator, in consultation with the department chair, will select one faculty member from the list of three (3) to conduct the peer observation. Should none of the faculty members on the list be available to serve, the dean/academic administrator will work with the faculty member being evaluated to select a different tenured faculty member from within the District.

- (c) Once the dean/academic administrator sends a request, the faculty member being evaluated shall respond to the dean/academic administrator's request for the three peer observer names within five (5) calendar days or the dean/academic administrator shall make the Peer Observer selection in consultation with the department chair.
- (d) By the third (3rd) week of the semester in which a tenured faculty member is being evaluated, they will select one of the options described below and inform the dean/academic administrator in writing.
 - i. Option 1: The peer observer will conduct an observation based on a classroom/worksite/electronic visitation.
 - a) The faculty member and the peer observer will mutually agree on the course or equivalent in which the scheduled observation will take place, so that the faculty member may be observed under optimum conditions for displaying their abilities.
 - b) The observation shall last at least fifty (50) minutes. For online classes, the faculty member will present the course to the peer evaluator during an observation lasting at least fifty (50) minutes.
 - c) The peer observer shall submit written comments to the dean/academic administrator, which will be provided to the faculty member being evaluated and attached to the evaluation as a peer review component.
 - ii. Option 2: The peer observer will review the student evaluations from the previous six (6) semesters, if available. This is a pilot program and is being added as an alternate option for the peer review process for years 1 and 2 of the contract. The parties agree to meet in May 2026 to evaluate issues/concerns related to Option 2 and reopen the article for revision and/or an extension of the program. If no student evaluations are available, the faculty member being evaluated must select Option 1.
 - a) The peer observer shall review the student evaluations, discuss the results of the evaluations with the faculty member being evaluated, and submit written comments to the dean/academic administrator, which will be

provided to the faculty member being evaluated and attached to the evaluation as a peer review component.

b) Option 2, if selected, may only be used once every six (6) years. Therefore, if Option 2 is selected in any given academic year, the faculty member will be required to use Option 1 in the subsequent evaluation cycle.

(4) Student Surveys

- (a) The District and Association will mutually agree upon the method and system used for the collection of student surveys in order to ensure the highest possible participation rate. If changes to the collection system become necessary, the District and Association will meet and mutually agree on a new system. If both parties are unable reach mutual agreement, the Chancellor shall make the final determination.
- (b) Student surveys will be conducted in all classes taught by the faculty member during the fall and spring semesters so that faculty can use them for self-improvement. Student surveys are to be initiated prior to December 1 for the fall semester and prior to May 1 for the spring semester. Student surveys will be available to the faculty member after the due date for grades.
- (c) The objective of student surveys is to determine the student response to areas such as the fulfillment of the stated and distributed course objectives, effective communication, and respect for students' rights and needs. When a faculty member is being evaluated, the student surveys for each of the semesters within the formal evaluation period will be available to the dean/academic administrator or designee and the information may be used in the faculty performance evaluation.
- (d) There is no minimum percentage of student survey responses required. However, if student respondents for any one class fall below the required minimums (as outlined below), such responses may only be used by the dean/academic administrator for the purpose of ensuring that the faculty member is meeting their professional obligations and/or adhering to Board Policy and Administrative Regulations requirements, after validation by the dean/academic administrator.

There is no minimum percentage of student survey responses required. However, if there are fewer than eight (8) respondents to the survey, such responses may only be used by the dean/academic administrator for the purpose of ensuring that the faculty member is meeting their professional obligations and/or adhering to Board Policy and Administrative Regulations requirements, after validation by the dean/academic administrator.
- (f) Student surveys alone may never be used as the sole justification for an overall evaluation.

(5) Report Preparation

- (a) The dean/academic administrator will complete a Faculty Performance Evaluation Report (Appendix B), including a recommendation of continued employment, based upon:
 - i. the materials from the faculty portfolio;
 - ii. results of observations by the dean/academic administrator or designee and peer observer;
 - iii. results of student surveys from the evaluation period;

 - vi. information regarding participation in curriculum development and review, and in development and assessment of student learning outcomes. Any information included in the faculty member's evaluation regarding participation in curriculum or student learning outcome processes must be verified and documented.

(b) Faculty members shall not be held accountable for any aspect of the educational program over which they have no authority.

(c) Evaluations are to be based on the materials described in this article.

Hearsay statements, rumors or information from anonymous sources shall be excluded from written evaluations. The dean/academic administrator may include in the written evaluation information which has been documented through a completed investigation subsequent to a complaint, the findings of which have been delivered to the faculty member under evaluation prior to the inclusion of this information in the evaluation report.

c. Follow-up Procedures

- (1) If a tenured faculty member receives an overall rating below "Meets Standards," the dean/academic administrator will develop a Performance Improvement Plan including follow-up activities with dates of completion, and measurable outcomes to address those performance issues which need improvement. A performance improvement plan may be developed by the dean/academic administrator for a rating below "Meets Standards" in any individual category.
- (2) The faculty member receiving an overall rating below "Meets Standards" will be evaluated again within twelve (12) months.
- (3) In the subsequent evaluation, if the faculty member does not receive an overall rating of "Meets Standards" or better, the faculty member will not be eligible for any overload assignments until such time as future evaluation results in an overall "Meets Standards" or better.

17.3. Part-Time Faculty Evaluations

The part-time faculty evaluation process is designed to improve the teaching and learning process and delivery of student services, and to provide the part-time faculty member a basis for professional growth and development. Part-time faculty who are assigned teaching hours in addition to their roles as counselors, librarians, and learning disability specialists shall be evaluated in both their teaching and student service roles. In the case where two observations are necessary, if the department chair or other tenured faculty member is the evaluator as the designee of the dean/academic administrator, they will only be required to conduct one of the class/worksite/electronic visits and the dean/academic administrator will be required to conduct the other.

- b) The observation shall last at least fifty (50) minutes. For online classes, the faculty member will present the course to the peer evaluator during an observation lasting at least fifty (50) minutes.
- c) The peer observer shall submit written comments to the dean/academic administrator, which will be provided to the faculty member being evaluated and attached to the evaluation as a peer review component.
- ii. Option 2: The peer observer will review the student evaluations from the previous six (6) semesters, if available. This is a pilot program and is being added as an alternate option for the peer review process for years 1 and 2 of the contract. The parties agree to meet in May 2026 to evaluate issues/concerns related to Option 2 and reopen the article for revision and/or an extension of the program. If no student evaluations are available, the faculty member being evaluated must select Option 1.
 - a) The peer observer shall review the student evaluations, discuss the results of the evaluations with the faculty member being evaluated, and submit written comments to the dean/academic administrator, which will be provided to the faculty member being evaluated and attached to the evaluation as a peer review component.
 - b) Option 2, if selected, may only be used once every 6 years. Therefore, if Option 2 is selected in any given academic year, the faculty member will be required to use Option 1 in the subsequent evaluation cycle.

Tenured faculty members shall be obligated to serve as a peer observer once per semester. Tenured faculty members serving as peer observers for more than one (1) peer observation per semester may use their college service hours to fulfill this requirement.

(4) Student Surveys

(a) The District and Association will mutually agree upon the method and system used for the collection of student surveys in order to ensure the highest possible participation rate. If changes to the

collection system become necessary, the District and Association will meet and mutually agree on a new system. If both parties are unable reach mutual agreement, the Chancellor shall make the final determination.

- (b) Student surveys will be conducted in all classes taught by the faculty member during the fall and spring semesters so that faculty can use them for self-improvement. Student surveys are to be initiated prior to December 1 for the fall semester and prior to May 1 for the spring semester. Student surveys will be available to the faculty member after the due date for grades.
- (c) The objective of student surveys is to determine the student response to areas such as the fulfillment of the stated and distributed course objectives, effective communication, and respect for students' rights and needs. When a faculty member is being evaluated, the student surveys for each of the semesters within the formal evaluation period will be available to the dean/academic administrator or designee and the information may be used in the faculty performance evaluation.
- (d) There is no minimum percentage of student survey responses required. However, if student respondents for any one class fall below the required minimums (as outlined below), such responses may only be used by the dean/academic administrator for the purpose of ensuring that the faculty member is meeting their professional obligations and/or adhering to Board Policy requirements, after validation by the dean/academic administrator.

Required Minimums based on census enrollments:

- 1) Class sizes of 30 or less need at least 6 student respondents;
- 2) Class sizes of 31 to 74 need at least 8 student respondents;
- 3) Class size s of 75+ would need at least 15 student respondents.
- (e) For those faculty members who engage in instruction outside of the classroom, including librarians, counselors, and learning disability specialists, student surveys will be collected within five (5) days of student contact sessions (i.e., student appointments or reference desk visits) during a designated four-week period each semester. There is no minimum percentage of student survey responses required. However, if there are fewer than eight (8) respondents to the survey, such responses may only be used by the dean/academic administrator for the purpose of ensuring that the faculty member is meeting their professional obligations and/or

Exceptions to the notice of requirement may be granted by the 4997 college president. 4998 4999 Requests must be submitted by the approved process to the appropriate 5000 dean/academic administrator and college president. All reduced contracts shall be 5001 voluntary, and the faculty member understands that a reduced teaching load will reduce employee benefits and retirement credit received. The faculty member's 5002

5003 salary will be reduced in accordance with the percentage reduction in teaching 5004 load request. 5005 5006 This leave is distinct and separate from the Reduced Workload with Full Retirement Credit under CalSTRS provided for in Article 31.2 of this Agreement. 5007 5008 5009 29.2. Sick Leave 5010 5011 Each full-time faculty member under yearly contract shall be entitled to one (1) a. 5012 day of paid sick leave each month of employment (i.e., 10 days for 10 months; 12 days for 12 months). Sick leave shall be accrued for all part-time, full-time 5013 overload, and summer LHE instruction and shall be computed by the following 5014 5015 formula: 5016 5017 .0558 hours sick leave per contact hour paid 5018 At the beginning of each academic year, every full-time faculty member will 5019 5020 receive a sick leave allotment credit, equal to their entitlement for the academic year. Part-time classroom faculty members will receive a sick leave allotment 5021 each semester based on their assigned workload. Part-time faculty members 5022 assigned on an hourly basis (non-classroom) will receive a sick leave allotment 5023 5024 calculated and accrued each pay period. Part-time faculty who would like to know the anticipated accrued leave prior to the end of the semester may contact their 5025 payroll representative to get an estimated accrual. 5026 5027 5028 b. Pursuant to Labor Code §233, a full-time faculty member may use up to six (6) days and a part-time faculty member may use up to three (3) days of accrued and 5029 5030 available sick leave entitlement to attend to an illness of an immediate family 5031 member as defined in Article 4. 5032 5033 c. Accumulation of Leave: Unused sick leave shall accrue from academic year to 5034 academic year. 5035 5036 d. Verification of Illness or Injury: Verification will ordinarily not be required for 5037 short term absences. A doctor's certification or other acceptable form of 5038 verification may be required however, for absences exceeding five (5) calendar days, situations where there is a doubt as to the employee's fitness to return to 5039 5040 work, or where the appropriate administrator has reason to believe that there may be an abuse of sick leave.

prior to the start of the faculty member's assignment.

Notification of Absence: Faculty members shall submit their absences and leave

requests to the appropriate dean/academic administrator as soon as practicable

- f. Notification of Return: For absences longer than one day, faculty members shall make every effort to keep the appropriate dean/academic administrator advised of their status, and provide an estimate of their expected return.
 - g. Sick Leave Deduction Process:

- (1) Full-time faculty members with classroom assignments shall have sick leave deducted on the basis of half-day increments (i.e., if a faculty member is absent for one-half or less of their scheduled LHE assignment for that day, one-half day of sick leave will be deducted; if faculty members are absent for more than one-half of a scheduled assignment for that day, a full day of sick leave will be deducted).
- (2) Full-time faculty members with non-classroom assignments shall have sick leave deducted on the basis of quarter-day increments (i.e., if a faculty member is absent for one-quarter or less of their scheduled LHE assignment for that day, one-quarter of a day of sick leave will be deducted; for an absence of between one-quarter and one-half of a day, one-half day will be deducted; for an absence between one-half and three-quarters, three-quarters of a day will be deducted; for an absence of more than three-quarters of a scheduled assignment for that day, a full day of sick leave will be deducted).
- (3) Part-time faculty members shall have sick leave deducted on an hourly basis.
- h. Sick Leave Statement: The District shall provide information upon individual request, on the amount of sick leave accrued, by transfer or otherwise, and sick leave entitlement for the academic year.
- i. Catastrophic Illness Transfer of Leave Program: A faculty member may contribute sick leave to other staff as well as other faculty members on a one-for-one basis (one day for one day, etc.) with no reference to the possible difference in their salaries. As there are likely tax and retirement consequences, both employees are responsible for determining any STRS, IRS or other agency implications that may result. This program is designed to assist a faculty member who has a lengthy illness and has run out of sick leave. The program can also be used so that an employee can take care of a sick person in the immediate family. Procedures for the catastrophic illness/injury leave for individual solicitation requests are on file in the District Human Resources Office.

29.3. Maternity Leave

The District shall provide for leave of absence from duty for any faculty member of the District who is required to be absent from duties because of pregnancy, miscarriage, childbirth, and recovery therefrom. The length of the leave of absence, including the date

on which the leave shall commence and the date on which the faculty member shall resume duties, shall be determined by the faculty member's physician. Pregnancy and disabilities caused or contributed to by pregnancy, miscarriage, childbirth, and recovery therefrom are for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment by the South Orange County Community College District.

29.4. Paid Parental Leave

- Parental leave means leave for reason of the birth of a child of the employee, or a. the placement of a child with an employee in connection with the adoption or foster care of the child by the employee.
- b. A person employed by the District in a full-time or part-time academic position for more than twelve (12) calendar months shall be allowed to take leave for purposes of parental leave for a period of up to twelve (12) weeks during the twelve month period after the child's birth or placement. Additionally, once per twelve (12) months, the District shall provide a period of one (1) workweek of fully-paid parental leave, which shall not be drawn from any existing leave banks, to be used prior to and consecutively with the twelve (12) workweeks of partially paid leave described below. Full-time faculty shall receive their regular pay and benefits, and part-time faculty shall receive pay based on their assignment(s) during the one (1) workweek of District-paid leave.
- The twelve (12) week period shall run concurrent with any period of sick leave, c. including accumulated sick leave, taken during a period of parental leave.
- d. An employee shall not be provided more than one twelve (12) week period for parental leave during the twelve (12) month period after the birth or placement of the child.
- Parental leave taken pursuant to this section shall also run concurrently with e. parental leave taken pursuant to Family and Medical Leave Act/California Family Rights Act (FMLA/CFRA) leave as described in Section 29.12 below. The aggregate amount of parental leave taken pursuant to this section and Section 29.12 shall not exceed twelve (12) weeks in a twelve (12) month period.
- f. When an employee has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from their duties on account of parental leave pursuant to Family and Medical Leave Act/California Family Rights Act (FMLA/CFRA) leave specified in Section 29.12, the amount deducted from the salary due the faculty member for any of the remaining portion of the twelve (12) week period in which the absence occurs shall not exceed fifty (50) percent of the employee's regular salary for the remaining portion of the 12workweek of the parental leave.

b. If a faculty member has used all accumulated sick leave and is still absent from duties on account of illness or accident, and that faculty member has been employed for a period of ten (10) years or more in the District, and has reached the age of fifty-five (55), the District will provide health benefits for the absent faculty member until that faculty member is able to return to duty, elects to retire, or is separated from the District.

29.6. Industrial Accident and Illness Leave (Educ. Code §87787) is supplemented as follows:

51675168

51695170

a. An industrial accident or illness means any injury or illness considered to be work-related if an event or exposure in the work environment (on or off campus) either caused or contributed to the resulting condition or significantly aggravated a pre-existing injury or illness.

517151725173

b. A faculty member shall be entitled to such leave without limitation to the number of days of entitlement.

517451755176

c. The total of the faculty member's temporary disability indemnity and the portion of salary due during the leave shall equal their full salary.

5177 5178 5179

d. A faculty member shall be deemed to have recovered from an industrial accident or illness, and thereby able to return to work, at such time as the faculty member and the attending physician agree that there has been such a recovery.

51815182

5183 e. Nothing in this Article shall preclude the District from recommending that a faculty member be placed on disability retirement under the State Teachers Retirement System.

29.7. Personal Necessity Leave

Every faculty member shall be entitled to use paid sick leave during each academic year in case of personal necessity, as follows:

a. "Personal Necessity" means any activity, including those pursuant to the California Education Partnership Act (California Labor Code § 230.8), which cannot be conducted before or after the teaching day without causing undue inconvenience to the faculty member. Faculty members shall handle such leave in a responsible manner.

b. Full-time faculty members are entitled to use up to six (6) days per year of personal necessity leave to be deducted from sick leave.

c. Part-time faculty members' personal necessity leave is deducted in hourly increments. Part-time faculty members are entitled to use up to sixty (60) percent of their sick leave allotment for a given semester for personal necessity leave.

d. Unused personal necessity days do not accrue for use in future years.

e. Personal necessity days do not carry over from year to year.

f. A faculty member shall make every attempt to give advance notice for use of Personal Necessity Leave.

g. A faculty member shall not be required to give reasons for the use of such leave.

29.8. Bereavement Leave

a) Every faculty member shall be entitled to five (5) days of paid leave of absence for each occurrence of the death of a spouse or registered domestic partner; child; child of spouse or registered domestic partner; parent, stepparent, or legal guardian of the faculty member or of the spouse or registered domestic partner of the faculty member or of the spouse or registered domestic partner of the faculty member, grandchild of the faculty member or of the spouse or registered domestic partner of the faculty member, sibling, or any family member living in the immediate household of the faculty member; or if travel out-of-state is required for any other member of the faculty member's immediate family. Otherwise, every faculty member shall be entitled to three (3) days paid leave of absence for any other member of the faculty member's immediate family as defined in Article 4. This leave shall not be deducted from sick leave.

5229 b) Use of this leave shall be taken within three (3) months from the date of the 5230 death of the family member, and need not be taken consecutively (Govt. Code 5231 12945.7 (b)(c). Requests for an exception is subject to approval by the Vice 5232 Chancellor of Human Resources.

c) Verification

If requested by the District, the faculty member shall provide documentation of the death of the immediate family member within thirty (30) days of the first day of the leave. Documentation includes, but is not limited to, death certificate, a published obituary, or written certification of death, burial, or memorial services from a mortuary, funeral home, burial society, crematorium, religious institution, or government agency (Govt. Code 12945.7).

29.9. Jury Leave

A faculty member shall be entitled to as many days of paid leave as are necessary when called for jury duty or when summoned for a court appearance not as a result of the faculty member's own misconduct. Any monies received from the courts as jury duty pay shall be transferred to the District, mileage excluded. Upon completion of jury duty, the faculty member shall submit a certification of jury service to the District.

29.10. Reproductive Leave Loss

Every faculty member is entitled to five (5) days of paid leave for a reproductive loss event. A reproductive loss event is defined as a failed adoption, failed surrogacy, miscarriage, stillbirth, or an unsuccessful assisted reproduction. The leave must be taken within three (3) months of the event and may be taken on non-consecutive days. If a unit member experiences more than one reproductive loss event, the unit member is only entitled to a total of twenty (20) days of leave within any given fiscal year.

29.11. Legislative Leave

Except as otherwise provided by law, a tenured faculty member who is elected or appointed to the State Legislature, Congress, or appointed to government service, shall be entitled to an unpaid leave of absence for the length of the term of office, not to exceed twelve (12) years.

a. The faculty member on such leave shall notify the college of an intended return at least sixteen (16) weeks in advance.

b. The faculty member on such leave shall be entitled to return to employment at the end of the leave, but shall not be entitled to any other benefits while on leave.

29.12. Professional Development Leave

A faculty member may be granted up to three (3) days of paid leave each academic year for the purpose of improving instructional performance. Such leave must be approved by the dean/academic administrator and may be used to visit worksites in other departments or colleges or to attend Association or other workshops related to the assignment of the faculty member.

29.13. Family and Medical Leave

To the extent not already provided for under current leave policies and provisions, the District will provide family and medical care leave for eligible employees as required by state and federal law. The following provisions set forth certain of the rights and obligations with respect to such leave. Rights and obligations which are not specifically set forth below are set forth in the Department of Labor regulations implementing the Federal Family and Medical Leave Act of 1993 (FMLA), and the regulations of the California Family Rights Act (CFRA). Unless otherwise provided by this policy, "leave" under this policy shall mean leave pursuant to the FMLA and CFRA. Use of leave under CFRA may require medical certification issued by the health care provider of the individual requiring care. The District shall not refuse to hire and shall not discharge, fine, suspend, expel or discriminate against faculty members because they exercise the right to family care leave or because they gave information or testimony related to their or another person's family care leave in an inquiry related to family leave rights.

a. Terms of Leave

- (1) Family care and medical leave shall not exceed twelve (12) workweeks (or twenty-six (26) weeks to care for a covered service member) during any fiscal year. Where FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.
- (2) The twelve (12) month period for calculating leave entitlement will be based on a rolling 12-month period to begin the date of the request.
- (3) Leave taken under the FMLA for disability due to pregnancy shall run concurrently with leave taken under the California Pregnancy Disability Act. A family member may also be entitled to an additional twelve (12) weeks of bonding time under the CFRA.
- (4) During the period of family care and medical leave, the District shall require faculty members to use their accrued time off, and any other paid or unpaid time off negotiated with the District. Accrued sick leave shall be used when the purpose of the family care and medical leave is for the employee's own serious health condition or the leave is needed to care for a parent, spouse, child or registered domestic partner with a serious health condition, and for which sick leave may be taken pursuant to this Agreement (29.2.b) and/or Board policy. Additionally, unit members may

designate one person per twelve (12) month period who is not listed above as an immediate family member if the individual is related by blood or whose association with the employee is the equivalent of a family relationship (pursuant to AB 1041, Government Code 12945.2 and Labor Code Section 245.5). The employee may be asked to designate the person at the time leave is requested.

b. Intermittent/Reduced Work Schedule Leave

Leave related to the serious health condition of a faculty member or their child, parent, spouse or registered domestic partner may be taken intermittently or on a reduced work schedule when medically necessary. In such a case, the District may limit leave increments to the shortest period of time that the payroll system uses to account for absences or use of leave. If the leave is foreseeable based on planned medical treatment, the faculty member may also be required to transfer temporarily to a different job that has the equivalent pay and benefits but could better accommodate recurring periods of leave. The faculty member must be qualified for the position, but the position does not need to have equivalent duties. Transfer to an alternative position may include altering an existing job to better accommodate the faculty member's need for intermittent leave or a reduced work schedule.

c. Maintenance of Benefits

- (1) Leave under the terms of FMLA and/or CFRA is unpaid. During the period of family care and medical leave, the faculty member shall continue to be entitled to participate in the District's medical, vision, and dental plans.
- (2) If the faculty member fails to return from leave after the leave period has expired for a reason other than the continuation, recurrence or onset of a serious health condition of the faculty member or their family member which would entitle the faculty member to leave, or because of circumstances beyond the faculty member's control, the employee will be required to reimburse any health plan premiums paid by the District during the period of leave. The District shall have the right to recover premiums through deduction from any sums due to the employee from the District (e.g., unpaid wages, vacation pay, etc.).
- (3) The faculty member shall also continue to be entitled to participate in pension and retirement plans and/or any other welfare benefit plan to the same extent and under the same conditions as apply to an unpaid leave taken for any other purpose. In the absence of these conditions, the faculty member shall continue to be entitled to participate in these plans and the District may, at its discretion, require the faculty member to pay the premium for periods not covered by accrued leave.

29.14. Verification of Leave Use

With the exception of Personal Necessity (29.7) and sick leave use of five (5) days or less (29.2), the District may require documentation to support the use of leaves.

5777 **ARTICLE 31** 5778 RETIRED FACULTY BENEFITS 5779 5780 **Retirement Incentive Programs** 31.1. 5781 5782 Faculty members may participate in retirement incentive programs established by the 5783 Board of Trustees in compliance with the California Educ. Code. 5784 5785 Reduced Workload with Full Retirement Credit (Educ. Code §§87483 and 22713) 31.2. 5786 5787 The Board of Trustees will permit full-time faculty members to reduce their workload from full-time to part-time and have their retirement benefits based upon full-time 5788 5789 employment in accordance with the provisions of Education Code Sections 87483 and 5790 22713. 5791 5792 Faculty members who meet requirements may submit a request to the Vice Chancellor of 5793 Human Resources to reduce their workloads from full-time to part-time and, if approved, 5794 shall receive the retirement service credit they would have received if they were 5795 employed on a full-time basis. If approved, both the faculty member and the District shall make contributions to the State Teachers Retirement System (STRS) in the amount that 5796 5797 would have been contributed if the member were employed on a full-time basis. 5798 5799 Reduced workloads under this Article shall be in accordance with Education Code 5800 Sections 87483 and 22713 and subject to CalSTRS guidelines. 5801 5802 The following are the rules and regulations for the implementation of the optional 5803 reduced load program with full retirement credit. 5804 5805 1. The option of reduced load may be exercised upon mutual agreement of both the District and the faculty member. Once the option is exercised, it is not 5806 revocable, and the faculty member may not return to a full-load, full-time 5807 5808 status, unless agreed to by the Board of Trustees. 5809 5810 2. To be eligible to start the optional reduced load program, the faculty member 5811 must be fifty-five (55) years of age before the beginning of the academic 5812 semester in which the reduction in workload starts and been employed in a full-time position to perform creditable service under the Defined Benefit 5813 5814 (DB) program each year of the five academic years immediately preceding the first year in which the faculty member's workload is reduced, without having 5815 a break in service. 5816 5817 5818 3. The faculty member must have been employed full-time as an academic employee of the District for at least ten (10) years prior to the request for 5819 5820 reduced load.

- 5822 4. Except for the reduction in salary, corresponding to the reduced load, the
 5823 District will provide the part-time faculty member the same benefits provided
 5824 a regular full-time (100%) faculty member.
 5825
 - 5. The District and the faculty member shall agree to make contributions to the STRS equal to the amount required of a full-time (100%) faculty member.
 - 6. The minimum reduced load shall be the equivalent of one-half (½) of the number of days of service required by the faculty member's contract of employment during the final year of service as a full-time (100%) position.
 - 7. A faculty member on the optional reduced load program shall work for the duration of the reduction, as mutually agreed by the faculty member and the District, at a minimum:
 - a. 100% of one semester and 0% of the other semester, or
 - b. 50% each semester, or
 - c. Any assignment that will average 50% or more for two (2) semesters of the academic year.

An applicant for the optional reduced load program must submit an application for the optional reduced load program no later than February 1st for the following academic year.

Effective January 1, 2018:

- Participation in the Reduced Workload Program is not automatically terminated if a member performs creditable service on a full-time basis when the member was supposed to have a reduced workload. Therefore, unless the member and employer have a mutual agreement to terminate participation in the program, the school years in which a member performs creditable service on a full-time basis will still be included in the ten (10)-school year maximum for which the member is permitted to participate in the program.
- If an employee whose agreement was terminated wishes to participate in the program again, any subsequent agreement to reduce the member's workload must meet all the eligibility requirements and a new Reduced Workload Program Eligibility Certification Application (ES-1161) must be submitted to CalSTRS.

It is the intent of the parties that this program be carried out in compliance with Government Code §20815, Educ. Code §§22713, 87483, 89516, and any other applicable law.

31.3. Health and Medical Benefits for Retirees

a. To be eligible for health and medical benefits after retirement, the faculty member must retire in good standing. Specifically, a faculty member who retires or resigns after formal charges have been served by the District supporting

termination of employment but prior to the conclusion of an evidentiary hearing is no longer eligible to receive retiree health and medical benefits. Should the faculty member proceed to an evidentiary hearing, the faculty member shall be put on paid administrative leave and retain health benefits throughout the evidentiary hearing and until a decision is rendered but shall lose all rights to those benefits should the District prevail at the conclusion of the hearing. The faculty member in good standing shall concurrently retire from the District and STRS, and notify the District of their retirement from STRS by providing proof acceptable to the District of such retirement. If the retiree returns to active fulltime service in a STRS or PERS contracting district/entity they shall notify the District and the applicable insurance plan administrator of such action, at which time the benefits for both the retiree and their dependents as described in this provision shall cease.

Nothing in Article 31.4.a (above) precludes the district from exercising its rights under Education Code 87735.

- b. Present medical, vision, and dental benefits for those retirees who were employed full-time by the District for ten (10) years immediately preceding the date of retirement and who have reached the age of fifty-five (55), and who meet the eligibility requirements described in section A above, and for the dependents of eligible retirees, shall continue until the retiree reaches the age of Medicare eligibility.
- Medicare Eligibility and Continuation of Benefits c.
 - (1) The District will provide supplemental medical coverage for the retired faculty member, provided the retiree has purchased Medicare A and B coverage.
 - If the retiree has reached the age of Medicare eligibility but does not (2) qualify for Medicare, benefits for the retiree will continue under the following circumstances:
 - (a) The purchase of such coverage is permitted by the health carrier; and
 - (b) The retiree pays the full cost of the medical insurance, including any penalty, fee or other cost imposed by the insurance carrier if the retiree has not purchased Medicare A and B coverage.
 - (3) If the retiree has reached the age of Medicare eligibility but a dependent has not reached such age, benefits for the dependent may continue under the following circumstances:

- (c) The retiree pays an amount equal to the cost of the full-time faculty member health benefit package, less the District's cost of the supplemental medical coverage for the retiree. For example, if the cost of the health benefit package for a full-time faculty member is \$1000 per month, and the District's cost for supplemental insurance for the retiree is \$600 per month, the cost to the retiree for continued dependent health benefits would be \$400 per month. If the retiree is not eligible for Medicare, the retiree shall also pay any penalty, fee or other cost imposed by the insurance carrier.
- (d) In any given year, the increase will not be greater than ten percent (10%) over the prior year cost for this coverage.
- (4) If both the retiree and their dependent have reached the age of Medicare eligibility, the retiree may purchase for the dependent, through the District's health benefit providers, supplemental health coverage equivalent to that provided for the retiree so long as:
 - (a) Such purchase is permitted by the health carrier;
 - (b) The retiree and the dependent have purchased Medicare A and B coverage, if eligible to purchase such coverage; and
 - (c) The retiree pays an amount equal to the District's cost for the retiree's supplemental health coverage. If the retiree or dependent is not eligible for Medicare, the retiree shall also pay any penalty, fee or other cost imposed by the insurance carrier.
- (5) If the retiree is under the age of Medicare eligibility but the dependent has reached such age, health benefits for the dependent will continue under the following circumstances:
 - (a) Such purchase is permitted by the health carrier;
 - (b) The dependent has purchased Medicare A and B coverage, if eligible to purchase such coverage; and
 - (c) If the dependent is not eligible for Medicare or otherwise fails to purchase Medicare A and B coverage, the retiree shall pay any penalty, fee or other cost imposed by the insurance carrier.

- d. After the retiree reaches the age of Medicare eligibility, the retiree may purchase vision and dental benefits, for both themself and for dependents, through the District's providers so long as:

 5962

 (1) Such purchase is permitted by the health carrier;
 - (2) Benefits for retirees are grouped in a separate rate from the active/early retirees' group; and the retiree pays the full cost of such benefits.
 - e. Other coverage for the faculty member and coverage for the dependents is subject to applicable state and federal laws providing for such coverage.

31.5. Emeritus Faculty Privileges

a. Eligibility

 Any full-time faculty member who retires from the District in good standing shall receive emeritus status. However, if a faculty member retires while on an administrative leave or while under investigation by the District, and they desire emeritus status, the retiring faculty member must submit a request for emeritus status to the Vice Chancellor of Human Resources. The Vice Chancellor of Human Resources will submit the matter to a special panel composed of two members appointed by the Academic Senate and two members appointed by the college president, and a fifth member to be determined by the appointed panel members. The special panel will make a recommendation to the Board of Trustees, which will determine whether to grant emeritus status to the faculty member. If the Board should elect not to follow the panel's recommendation, a written explanation of the Board's decision and its reasons will be made to the members of the panel.

b. Privileges

- (1) Faculty members granted Emeritus status will be issued official college identification designating their status.
- (2) Emeritus faculty will be granted lifetime, library and faculty parking privileges, access to District-sponsored events, and upon request email access. These privileges may be revoked by the District at the recommendation of the Vice Chancellor of Human Resources by a special panel composed of two members appointed by the Academic Senate and two members appointed by the College President, and a fifth member to be determined by the appointed panel members. The determination of the special panel shall be final.
